<p>I strongly object to this proposed housing development. There are already three separate developments taking place in Shepley at this very moment, so a further 100+ houses will put considerable strain on the village's already stretched infrastructure.</p> <p>This development would put intense additional pressure on the ever-increasing road traffic and demand for places at the school and GP practice. And building on Green Belt land will cause irrevocable damage to the wildlife, nature, environment and rural character of Shepley.</p> <p>I am no NIMBY, but it is critical that housing development in Kirklees takes place on appropriate brown- and grey-belt land. Eastfield is clearly prime Green Belt land that must be preserved!</p>
