Sir/Madam

I would like to submit my objection to the proposed development of 110 houses on Shepley Fields.

I am a resident of Shepley and know that the village cannot cope with this further development of housing. The road infrastructure, the village amenities are not compatible with this additional development.

The village has already had 2 recent new housing developments built and the further expansion of one of these developments is currently underway. These developments have already added a considerable number of new properties to the village.

Furthermore, the proposed development on Shepley Fields is on green belt farmland. Once this is lost it is lost forever.

Regards
