| <p>I object to this application because:</p> <p>1 articulated trucks entering and leaving Shepley Spring site already find the exit onto the A629 is constricted. In easing the volume of traffic caused by 150 houses would aggravate the problem.</p> <p>2.,residents of Lea Drive, Eastfield and Knowle Park road extensively park on the roadside. Extra traffic caused by the proposed new development would potentially cause bottleneck situations.</p> <p>3.Passengers using Shepley station currently leave their vehicles parked on the roadside a considerable way up Station road, in some cases impeding the entry of residents to their houses. The potential addition of many more commuters would aggravate the prpblem. There is no designated parking area for Shepley station.</p> | |
