<p>I wish to object to the proposed planning application based on the following points:</p> <ol style="list-style-type: none"><li>1. Building on green belt land should be prohibited.</li><li>2. This small village cannot cope with increased traffic. The proposed one way system around the development is not feasible and will result in heavy traffic exiting Lea Drive on to the main road.</li><li>3. Increased usage of the village rail station will result in even more cars using Station Road and blocking the roads by increased parking.</li><li>4. I am concerned that the water quality will be compromised by this development.</li><li>5. The doctors surgery is bound to suffer from an influx of new residents. It is already difficult to obtain an appointment.</li><li>6. Parking within the village is already difficult. Additional vehicles from so many new residents will not only put extra pressure on our roads but also the less than adequate parking opportunities.</li></ol>
