<p>I wish to object to this application on following grounds :</p> <p>This is a highly intrusive development onto a village greenbelt site adding no value to the community. I also have serious concerns regarding future planning applications for developments on greenbelt is this application was to be agreed. Greenbelt land has always been there to protect the countryside space and reduce the potential for expansion of urban areas. Land designated as greenbelt should always remain greenbelt.</p> <p>Increased traffic volumes into congested village routes is also a concern which is already struggling with considerable roadside parking which is often dangerous to other users and to pedestrians</p> <p>Even more detrimental pressure on overloaded local schools, medical facilities and infrastructure which all need reviewing and enhancing just to meet current demands.</p> <p>Please reject this application on protected greenbelt land to protect our beautiful countryside and green spaces for the benefit of current and future villagers.</p>
