When my late husband and I bought in December 1972 we were only the second family to move on to this estate, one of only five houses. Gradually more similar houses were built on Lea Drive, Knowle Park and later Stonecroft Gardens and Eastfield. We became part of a very happy community. Our boys were 11 and 9 years old when we moved in, going to the local schools and eventually moving on making lives of their own. Our eldest son married in 1984 and moved back to Shepley, eventually buting in 1990, where they brought up two children before having a career change and moved away in 2014. My husband and I lived a very happy life here, gradually extending our garden considerably as insurance against eventual building in the field behind our house. This has now come to pass, the local environment will be harmed by the extra traffic, traffic restrictions, accessibility to our homes. The extra influx of people overwhelming an already stretched health centre, schools and parking within the village. Please consider these points when making any housing decisions in this area.
