<p>This development will impact on our family household. There are concerns regarding the traffic and the proposed one-way system which will be absolute nonsense around the estate and have a major negative impact.</p> <p>This would mean even more cars creating more congestion and increased risk to pedestrians, plus worried about school kids and parents coming to and from the local school.</p> <p>The loss of surrounding woodland will be of severe detriment, which is valued by residents and those who visit the area and should not be destroyed. Please keep the Green Belt land.</p> <p>Shepley Spring as a drinking water source could also be impacted.</p> <p>We are not happy at all with the Eastfield development proposal (Planning Ref: 2025/92776).</p>
