<p>I wish to object to this development for the following reasons: This is a green belt area and as such will have a tremendous impact on the conservation of the area, including the effect on trees and the natural environment; it will have an impact on the highway safety, both during the construction and then after the completion of the development. The effect on neighbouring properties will be highly impacted and finally it is obvious even now that the infrastructure of the village - education, retail and health will not be able to cope with the increasing numbers generated.</p>
