To who it may concern,

I hope this email finds you well.

I am writing to ask for your consideration, please do not build on our green fields in Shepley.

We need to preserve green spaces, for the sake of the wildlife.

I realise there's a housing crisis, but this is not the answer. After the initial affordable housing has been sold, the people who need housing will be priced out of the market. Please consider reconditioning existing housing rather than letting it fall into ruin, this is the greener solution.

Thank you for your consideration.
