LETTER OF SUPPORT FOR SHEPLEY

REF: 2025/60/92776/E

Name:

Email:

Address:

Reasons:

I support the creation of around 120 energy efficient homes to meet local needs.

I support the inclusion of a wide range of high-quality, well-designed homes – to reflect local housing demand.

I support the delivery of 35% affordable housing as part of the development.

I support new habitat creation and green corridors rich with trees and hedgerows.

I support the significant investment into Shepley helping to maintain local economic growth for future years.

**Other
Reasons:**

I really want to move back to Shepley and there is nothing on the market within budget that meets what I am looking for. This site would be amazing.
