Subject: Eastfield 2025/60/92776/E

Dear Sirs,

I would like to submit an objection to the above planning reference,

My objection is based on the fact that the local infrastructure of Shepley cannot support this development of 110 houses. The development will bring approximately 250 cars and 330 people.

The proposed site has poor access to the main road, there is very limited parking already in the village. The increased volume of traffic will increase the risks at the already dangerous zebra crossing on Abbey Road and the dangerous crossroads at Cross Lane.

I am also worried about school places and doctors' appointments as both the school and surgery are already at maximum capacity, so doctor's appointments will take even longer and school places won't be available.

Please note I wish to be anonymous online.

Regards
