Subject: Eastfield 2025/60/92776/E - Objection

To Whom it May Concern,

I am objecting to the above for the following reasons:-

1. There isn't the infrastructure to cope with the extra population, this includes school places, poor public transport, GP availability, road network etc.
2. Recent new build projects have negatively changed the landscape, feeling and views around Shepley. These new houses have already unacceptably increased the number of houses in Shepley.
3. We should NOT be using green belt for house builds.
4. Shepley will cease to be the beautiful village it is and therefore a less pleasant place to live. It is vital we preserve those villages which make Yorkshire and other areas what they are today.
5. With larger populations comes less community feel and spirit so the essence of a village like Shepley diminishes.
