Subject: Eastfield 2025/60/92776/E

Hi

I wish to object to the proposed development on the Eastfield site in Shepley. My main reason for this, amongst many others I have to say, is due to the proposed 110 houses being built and the estimate this will bring is 330 more people to the village, the local amenities, such as the local Health Centre and schools will be severely impacted given that they are already under strain and therefore will not be able cope. There are several new housing sites just or near completion in the village and the full effects of these have not been realised yet.

My details for this objection below :

P.S. I WISH TO REMAIN ANONYMOUS

Regards
