Dear Sir/madam

I wish to object to the aforementioned planning application as follows:

The facilities and infrastructure in Shepley are not able to sustain another large influx of people. Dental, Doctors surgeries and schools are already at capacity. Outlying schools would have to be used by new families necessitating further early morning and afternoon car journeys to schools.

The proposed site is green belt and should not be developed. Shepley Spring is situated on a Protection zone designated by the Environment agency, work during construction at the site could contaminated the spring.

Extra traffic and subsequent journeys would increase already too congested roads. Public transport is sparse and infrequent so cars are the main transport option in Shepley.

I would ask the authority to reject these plans.

Yours faithfully
