Dear Sirs,

I am I wish to be anonymous on line.

I object to this proposed development for the following reasons.

- 1 The roads around Shepley are already congested with a great deal of through traffic. This development would considerably aggravate this problem. Marsh Lane is already used as a rat run at peak times and any addition to the number of houses in the village will make matters worse.
- 2 The provision of GP services in the village is already under stress. The addition of further housing will aggravate a problem that is already of concern.
- 3 Building on designated Green Belt land would irrevocably change the nature of the village and open the door to more and more development of this type.

Yours sincerely,
