Hello

I would like to add a further objection to the above application.

I want to ask if Highways are aware that the Kirkburton Middle school bus drops kids off directly by the end of The Knowle junction with Abbey Road. If they look at the safety of that junction do they regard that as a safe place for a 10 year old child to be crossing considering there is only a pavement on one side and limited visibility, with a full Housing Estate worth of extra cars?

The recent report states there has been no accidents reported in the last 5 years.

The increased number of vehicles will increase the risk of a child getting injured.

Thankyou
