I am objecting as our street is a residential area and not an area for a children's home. The street is already overcrowded with lots of parked cars. The above will cause more congestion. The noise and disturbance that this will cause will also impact my house as I am directly across the street. I am also concerned about the safety of my children due to the nature of this. It will have an effect on price houses and price houses will decrease again. We do not want a children's home directly across the road from us
