| I strongly object to the change of use for 24 Thornleigh Road, Crosland Moor. This is a residential area and certainly not a commercial area. Thornleigh Road is already a very busy road and in my opinion cannot accommodate the amount of traffic this application will certainly generate. Once again I reiterate that this is a residential area and certainly not commercial.<br><br>Plus there has been no adequate postage and signage up beforehand telling the residents about the changes and proposals. | |
