

## **Appendix A – Climate Change Statement**

### **Climate Change Statement for Planning Applications**

#### **Part 1: Applicant details**

|                            |   |
|----------------------------|---|
| Name of applicant/agent    | Mr M Arif                                       |
| Site Address               | 541 Wakefield Road Dalton Huddersfield HD5 9XW  |
| Description of Development | Demolish existing garage and build new bedroom. |

#### **Part 2: Climate Change Mitigation measures**

|   |
|---|
| Please respond to the following questions considering the measures set out in the Climate Change Guidance note:   |
| Q1: What measures have been/will be taken to reduce the energy demand associated with your proposed development beyond the minimum required in Building Regulations? (See section 2)                                    |
| Insulation in excess of Building Regulations requirements   |
| Q2: What measures have been/will be taken to limit the carbon consumed through the implementation and construction processes, e.g. by reusing existing on-site materials or sourcing materials locally? (See section 3) |
| Sourcing materials locally, recycling existing garage panels.   |
| Q3: What measures have been/will be taken to utilise renewable or low carbon energy sources? (See section 4)  |

Considering solar panels to roof of existing house.

Q4: What measures have been/will be taken to ensure the building design and layout has been optimised to energy efficiency beyond the minimum requirements in Part L of the Building Regulations ? (See section 5)

Insulation in excess of Building Regulations requirements

Q5: What measures have been/will be taken to reduce potential impacts of flooding associated with your proposed development? (See section 6)

N/A

Q6: What measures have been/will be taken to reduce water stress associated with your proposed development? (e.g. Water retention and minimisation measures) (See sections 7 and 8)

N/A

Q7: What measures have been/will be taken to provide biodiversity net gains? (See section 8)

N/A

Q8: What measures have been/will be taken to reduce air pollution associated with your proposed development? (See section 9)

Electric heating
