Hello

re application for light industrial strater units, 49 Brow road.
Paddock, Huddersfield, HD14TP

I am writing to express my strongest objection to this development. It is the first step towards becoming a nightmare industrial units right next to my house.

I do not want the noise which will be coming from this place right next to my house and garden.

We already have to suffer the noise coming from the cement works at the back on Millgate, so to have more from the side will be unbearable.

I also have neighbours who do not want this either.

I presume you posted your notice so that people who will be affected can register their displeasure/opinion.

That is us, so I hope you pay attention and do not ignore this objection.
