

## **Appendix A – Climate Change Statement**

### **Climate Change Statement for Planning Applications**

#### **Part 1: Applicant details**

|                            |                                                   |
|----------------------------|---------------------------------------------------|
| Name of applicant/agent    | Gary Lord                                         |
| Site Address               | 12, Brookroyd Gardens, Birstall, Batley, WF17 0ER |
| Description of Development | Two-storey extension                              |

#### **Part 2: Climate Change Mitigation measures**

|                                                                                                                                                                                                                         |
|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Please respond to the following questions considering the measures set out in the Climate Change Guidance note:                                                                                                         |
| Q1: What measures have been/will be taken to reduce the energy demand associated with your proposed development beyond the minimum required in Building Regulations? (See section 2)                                    |
| Exceeding target value floor & roof insulant and consideration of triple-glazed units where practicable.                                                                                                                |
| Q2: What measures have been/will be taken to limit the carbon consumed through the implementation and construction processes, e.g. by reusing existing on-site materials or sourcing materials locally? (See section 3) |
| All materials will be sourced locally,                                                                                                                                                                                  |
| Q3: What measures have been/will be taken to utilise renewable or low carbon energy sources? (See section 4)                                                                                                            |

|                                                                                                                                                                                                                           |
|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <p>No renewables are to be integrated within this modest extension.</p>                                                                                                                                                   |
| <p>Q4: What measures have been/will be taken to ensure the building design and layout has been optimised to energy efficiency beyond the minimum requirements in Part L of the Building Regulations ? (See section 5)</p> |
| <p>To achieve the floorspace necessary for the extension the layout options are limited.</p>                                                                                                                              |
| <p>Q5: What measures have been/will be taken to reduce potential impacts of flooding associated with your proposed development? (See section 6)</p>                                                                       |
| <p></p>                                                                                                                                                                                                                   |
| <p>Q6: What measures have been/will be taken to reduce water stress associated with your proposed development? (e.g. Water retention and minimisation measures) (See sections 7 and 8)</p>                                |
| <p>n/a</p>                                                                                                                                                                                                                |
| <p>Q7: What measures have been/will be taken to provide biodiversity net gains? (See section 8)</p>                                                                                                                       |
| <p>n/a</p>                                                                                                                                                                                                                |
| <p>Q8: What measures have been/will be taken to reduce air pollution associated with your proposed development? (See section 9)</p>                                                                                       |
| <p>n/a</p>                                                                                                                                                                                                                |
