<p>This planning application does not make it at all clear how the site would even be accessed as it is surrounded by buildings at all sides.</p> <p>If access is intended at the Bargate end, this is already an extremely busy thoroughfare and would cause further traffic chaos.</p> <p>Manchester Rd is already an incredibly busy and noisy road and squeezing more houses into this small space is also going to make noise disturbance even worse.</p> <p>This is a conservation area and much of the intended area includes a steep drop down to the river; what remains of the natural environment, the trees and landscape should be preserved for the protection of wildlife and the health of current residents.</p>
