<p>I object against this building being made into accommodation as firstly i don't feel there will be any benefit to this change being made. Currently the nursery and after school club benefit number families, myself being one. I have been using Shape for 5 years and they have provided an outstanding service.</p> <p>I now have 2 children and one attends the nursery and one breakfast and after school club. I am an nhs worker and shape are extremely accommodating to this and have been flexible throughout. No other childcare in the area provides this level of flexibility to ensure I am able to both work and study. Without this flexibility it would have been impossible for me to complete my degree or work. Alongside this, they provide outstanding care to both my children. This would massively impact myself and others should shape not be there anymore. I strongly disagree with this plan and believe shape should stay and continue to provide the fantastic service that it does.</p>
