<p>We wish to object to this planning application due to the detrimental impact on the character of the local area of central Lindley. We moved to Lindley in 2019 in part due to the character of the area and it being a positive area to have a family. We now have a newborn who is due to be attending the day nursery at the property from next year. Should the planning application be successful, this would remove this provision, which would then mean that families would need to either locate alternative and likely more scarce/expensive childcare provision elsewhere, or provide childcare themselves. This would take away the family-friendly character of the village and potentially have further impacts on the village economy. The extensive facilities that Shape provides, supporting many children and families, provides more service to the community than the alternative flats.</p>
