

## **Appendix A – Climate Change Statement**

### **Climate Change Statement for Planning Applications**

#### **Part 1: Applicant details**

Name of applicant/agent	Mr Nazim Maiar Agent Stuart Hartley
Site Address	14 Millwater Avenue, Thornhill Lees, Dewsbury <b>WF12 9QN</b>
Description of Development	2 storey rear and side extension

#### **Part 2: Climate Change Mitigation measures**

Please respond to the following questions considering the measures set out in the Climate Change Guidance note:
Q1: What measures have been/will be taken to reduce the energy demand associated with your proposed development beyond the minimum required in Building Regulations? (See section 2)
Extra thermal insulation to extension over garage. Use of insulated plasterboard to internal walls
Q2: What measures have been/will be taken to limit the carbon consumed through the implementation and construction processes, e.g. by reusing existing on-site materials or sourcing materials locally? (See section 3)
Materials to be locally sourced
Q3: What measures have been/will be taken to utilise renewable or low carbon energy sources? (See section 4)

There are no renewable energy issues to deal with

Q4: What measures have been/will be taken to ensure the building design and layout has been optimised to energy efficiency beyond the minimum requirements in Part L of the Building Regulations ? (See section 5)

Main windows all face south

Q5: What measures have been/will be taken to reduce potential impacts of flooding associated with your proposed development? (See section 6)

Floor level above garden level to match existing

Q6: What measures have been/will be taken to reduce water stress associated with your proposed development? (e.g. Water retention and minimisation measures) (See sections 7 and 8)

Existing house so no new resources.

Q7: What measures have been/will be taken to provide biodiversity net gains? (See section 8)

Existing house so no new resources.

Q8: What measures have been/will be taken to reduce air pollution associated with your proposed development? (See section 9)

No air pollution is likely,
