

Appendix A – Climate Change Statement

Climate Change Statement for Planning Applications

Part 1: Applicant details

Name of applicant/agent	Mr Nandakishore Madhusudan
Site Address	9 Broombank, Birkby, Huddersfield, HD2 2DJ
Description of Development	erection of first floor extension above existing garage and porch

Part 2: Climate Change Mitigation measures

Please respond to the following questions considering the measures set out in the Climate Change Guidance note:
Q1: What measures have been/will be taken to reduce the energy demand associated with your proposed development beyond the minimum required in Building Regulations? (See section 2)
Energy efficient heating system
Q2: What measures have been/will be taken to limit the carbon consumed through the implementation and construction processes, e.g. by reusing existing on-site materials or sourcing materials locally? (See section 3)
Responsibly and locally sourced materials, re use materials where possible
Q3: What measures have been/will be taken to utilise renewable or low carbon energy sources? (See section 4)

None
Q4: What measures have been/will be taken to ensure the building design and layout has been optimised to energy efficiency beyond the minimum requirements in Part L of the Building Regulations ? (See section 5)
Smart Energy Meters: To promote energy awareness and allow occupants to monitor and adjust their usage patterns.
Q5: What measures have been/will be taken to reduce potential impacts of flooding associated with your proposed development? (See section 6)
Green landscaping to allow water run off
Q6: What measures have been/will be taken to reduce water stress associated with your proposed development? (e.g. Water retention and minimisation measures) (See sections 7 and 8)
Installation of water-efficient taps, toilets, and showers will significantly reduce daily water consumption across the development.
Q7: What measures have been/will be taken to provide biodiversity net gains? (See section 8)
Retained habitats, proposal is all on existing hardstanding
Q8: What measures have been/will be taken to reduce air pollution associated with your proposed development? (See section 9)
N/A
