<p>It is absolutely appalling what they did to that beautiful building in the first place, by smashing the windows and the frames without any proper care or attention. I also don't believe we need another barbers in our lovely little village. The persons requesting this application clearly have no consideration for the propertys or people of birstall and how much of a community we really are. No modifications need to be made at all to the building and it should have been preserved as such.</p>
