<p>Hi my address is 87 lowood lane and I am also the owner of a business in the centre of Birstall. (I don't not consent to my personal details to be published on the councils website.) I am objecting to the changing of the shop front, the use of the shop also. The reference number is 2025/62/93140/E This is for 8 market place. It's in a conservation area and I want the centre of Birstall to be as it should be not changed. This was a beautiful shop front and has been destroyed before planning was granted. Also this shop is going to be another barbers which we have 7 barbers within less than a mile of each other. This is not in keeping with the local area and will destroy the look and feel of our beautiful village. We have no need for another barbers or another vape shop. We need real shops in keeping with the village and conservation area.</p>
