<p>Birstall is a village with quirky shops supermarkets hairdressers pubs clubs and unique bars with a little bit of something special for everyone,Barbers chemist it does not need another Barbers vape shop or hairdressers in the village the old chemist is part of Birstalls heritage 1st, The people who are trying to operate here demolished the front of a listed building without permission so what would they do if they took over this historical building you hardly ever see anyone in the Barbers in the village so how do they make a living as it is, so why would we need another we dont NO more letting to Barbers we have lovely cafes,restaurants its a small committee village with a great butchers bakers supermarkets quirky health and beauty salons sorry No it is a busy little village we want to keep it that way we dont need anymore Barbers stop it before it is too late it just becomes a cover up for something else you cannot pay out all that money a month for over heads and have no customers coming in and not having some other sidelines..... stop letting people pull the wool over your eyes</p>
