Postcode:	WF17 9EL

User comments

Type of comment: An objection	
Do you wish your comments to be published on the website anonymously?	No
I am writing to object because this proposal threatens the unique character of Birstall’s 'little market.' The area is becoming dominated by an excessive number of barber shops (currently 4) and takeaways. This imbalance is spoiling the traditional atmosphere of the market and displacing the varied retail shops that residents rely on. The council should prioritize retaining a healthy mix of businesses rather than allowing a monoculture of service units
