| On further viewing of the plans for the proposed new property adjacent to 3 Croft Drive I notice that a window on the gable end of the proposed property (on the first floor), on the west elevation, will be directly opposite my existing window. As this is a bedroom that is used I do not feel that it is appropriate to site a window in the proposed new property opposite an existing window. This will certainly be an invasion of my privacy and I would like the matter looking into before any planning permission is granted. | |
