<p>The proposed temporary structure is inadequate for the market. The current market has around 120 stalls, all of which are full on Saturdays and usually at least two thirds full on the other days.</p> <p>If this is allowed to pass, the number of traders will be halved. 18 months of this will surely cause irreparable damage to the future of the market.</p> <p>The temporarily structure needs to be large enough to accommodate all of the current traders.</p> <p>Please reconsider this plan, and please send somebody to listen to the opinions of the hundreds of traders who depend upon the market for their livelihoods. Thank you.</p>
