As a trader on the Saturday market for 30+ years with two regular stalls i would like to say that from the plans i have viewed and the scant information i have received from the council, that 1. There will not be enough stalls. 2. What are the provisions for loading and unloading? 3. Why haven't the traders - whos' livelihood this will effect - been consulted about this? To move regular traders out of the market building and away from their regular stalls, customers and ultimately their income without any consultation for a minimum of 18 months is simply unfair and unacceptable.
