Postcode:	HD5 8TA

User comments

Type of comment: An objection	
Do you wish your comments to be published on the website anonymously?	Yes
The grounds of our objection are: 1. The proposed development will spoil quiet and pleasant green belt countryside with hardstanding for car parking and buildings 2. The proposed small car park is unlikely to be enough for a viable business, so will result in cars parked on a narrow road or a further application to expand the car park spaces 3. The development sets a precedent for further planning applications in the area 4. The application states that "There will only be 2 cars at any time" but then states that "4 cars will be there when used for training", so clearly two cars will not be the norm.
