<p>why have there been no flyers posted on lamposts no notices sent to nearby residents main concerns are 8 am till 8 pm excessive as very quiet area dog barking till 8 at night noise will carry across the valley and along towards netherton village traffic is already excessive due to major new developments in the village of netherton and honley road is narrow with poor visibility in both directions bridge at healey house narrow and blind its in a conservation area there are a number of wild deer in the woods also badgers and foxes this will affect them something has been mentioned about noise from the factory not ever heard any land is used for livestock grazing not just horses and making a 4 space carpark how long before the road is littered with parked cars it just making an already busy dangerous road worse</p>
