Officer Report

Website

Site Description

6 Hill Grove is a detached, two storey dwelling located within an area without notation on the Kirklees Local Plan. The property is positioned within a corner plot with a driveway and hardstanding area to the front of the property and a garden area to the rear. The property benefits from an implemented planning permission to extend the property to the side and rear. It also benefits from a car port to the side.

Description of Proposal

Permission is sought for a Certificate of Lawful Development for a proposed single storey side extension. The proposed extension would replace the existing car port on the side elevation facing No. 4 Hill Grove.

The proposed extension would be set back from the front gable of the property by 2 metres and would span the depth of the property lying flush with the original rear elevation of the property. The extension would have a width of 2.5 metres to the front elevation and 4.1 metres to the rear elevation as it widens following the boundary of the site. The extension would have a flat roof to a total height of 2.8 metres.

No details have been submitted in terms of the proposed construction materials however the plans indicate that brick would be used.

Officer Note

As part of a Certificate of Lawful Development, the onus is on the applicant to provide evidence which states why the proposal fits with the permitted development legislation. In this case, the applicant has stated on the application form that the proposal complies with GPDO Part 1.

History of negotiations/amendments received

No negotiations have taken place and no amended plans received.

Relevant Planning History

Issues and Assessment

The main considerations in the determination of this application are:

1. Whether the proposed development would constitute development as defined within section 55 of the Town and Country Planning Act 1990;
2. If so, whether permitted development rights apply to the property; and
3. Whether the proposed development falls within permitted development under The Town and Country Planning (General Permitted Development) (England) Order 2015 (as amended), Schedule 2, Part 1 (Development within the curtilage of a dwellinghouse).

Permitted Development rights

The property has had its permitted development rights removed under application number 2021/90531. The condition states the following:

4. *Notwithstanding the provisions of the Town and Country Planning (General Permitted Development) (England) Order 2015 as amended (or any Order revoking or re-enacting that Order) no development included within Class E of Part 1 of Schedule 2 to that Order shall be carried out within the site outlined in red on the approved location plan without the prior written consent of the Local Planning Authority.*

Reason: *To prevent overdevelopment of the site, to accord with Policy LP24 of the Kirklees Local Plan and Chapter 12 of the National Planning Policy Framework.*

Therefore, the property has had its permitted development rights removed under Class E, as specified within the condition. Class E of the Town and Country Planning (General Permitted Development) (England) Order 2015 as amended. For clarity, Class E relates to a building within the curtilage of a dwellinghouse which would be incidental to the enjoyment of the dwellinghouse. As this Class does not specifically relate to extensions to dwellings, which fall within Class A of the Order, permitted development rights for extensions to the property are still intact. Therefore, the proposal is assessed as follows:

Development not permitted

A.1 Development is not permitted by Class A if—

- a) permission to use the dwellinghouse as a dwellinghouse has been granted only by virtue of Class G, M, MA, N, P, PA or Q of Part 3 of this Schedule (changes of use);

Comment: *Permission to use the dwellinghouse as a dwellinghouse has not been granted by any of the above.*

- b) as a result of the works, the total area of ground covered by buildings within the curtilage of the dwellinghouse (other than the original dwellinghouse) would exceed 50% of the total area of the curtilage (excluding the ground area of the original dwellinghouse);

Comment: *The total area of ground covered by buildings within the curtilage of the dwellinghouse would not exceed 50%.*

- c) The height of the part of the dwellinghouse enlarged, improved or altered would exceed the height of the highest part of the roof of the existing dwellinghouse;

Comment: *The height of the enlargement would not exceed the height of the highest part of the roof of the dwellinghouse.*

- d) The height of the eaves of the part of the dwellinghouse enlarged, improved or altered would exceed the height of the eaves of the existing dwellinghouse

Comment: *The height of the eaves of the enlargement would not exceed the height of the eaves of the existing dwellinghouse.*

- e) The enlarged part of the dwellinghouse would extend beyond a wall which –
 - (i) forms the principal elevation of the original dwellinghouse; or
 - (ii) fronts a highway and forms a side elevation of the original dwellinghouse;

Comment: *The enlarged part of the dwellinghouse would not extend beyond a wall forming the principal elevation of the original dwellinghouse and whilst it does project beyond a wall forming a side elevation of the original dwellinghouse it does not front a highway.*

- f) subject to paragraph (g), the enlarged part of the dwellinghouse would have a single storey and-
 - (i) extend beyond the rear wall of the original dwellinghouse by more than 4 metres in the case of a detached dwelling, or 3 metres in the case of any other dwellinghouse.
 - (ii) Exceed 4 metres in height;

Comment: *The enlarged part of the dwellinghouse would have a single storey and would not extend beyond the rear wall of the dwellinghouse and would not exceed 4 metres in height when measured from the adjacent ground level.*

g) For a dwelling not on article 2(3) land nor on a site of special scientific interest, the enlarged part of the dwellinghouse would have a single story and –

- (i) Extend beyond the rear wall of the original dwellinghouse by more than 8 metres in the case of a detached dwellinghouse, or 6 metres in the case of any other dwellinghouse, or
- (ii) Exceed 4 metres in height

Comment: *The enlarged part of the dwellinghouse would not extend beyond the rear wall of the dwellinghouse and would not exceed 4 metres in height when measured from the adjacent ground level.*

h) The enlarged part of the dwellinghouse would have more than a single storey and-

- (i) Extend beyond the rear wall of the dwellinghouse by more than 3 metres, or
- (ii) Be within 7 metres of any boundary of the curtilage of the dwellinghouse opposite the rear wall of the dwellinghouse

Comment: *The enlarged part of the dwellinghouse would not be more than single storey.*

i) The enlarged part of the dwellinghouse would be within 2 metres of the boundary of the curtilage of the dwellinghouse, and the height of the eaves of the enlarged part would exceed 3 metres;

Comment: *The enlarged part of the dwellinghouse would be within 2 metres of the boundary of the curtilage of the dwellinghouse and the height to the eaves (overall height in this case as a flat roof is proposed) would not exceed 3 metres.*

j) The enlarged part of the dwellinghouse would extend beyond a wall forming a side elevation of the original dwellinghouse, and would-

- (i) Exceed 4 metres in height
- (ii) Have more than a single storey, or
- (iii) Have a width greater than half the width of the original dwellinghouse

Comment: *The enlarged part of the dwellinghouse would extend beyond a wall forming a side elevation of the original dwellinghouse. However, it would not exceed 4 metres in height, would not have more than a single storey and would not have a width greater than half the width of the original dwellinghouse.*

ja) any total enlargement (being the enlarged part together with any existing enlargement of the original dwellinghouse to which it will be joined) exceeds or would exceed the limits set out in sub-paragraphs (e) to (j)

Comment: *Not applicable*

- k) It would consist of or include –
 - (i) The construction or provision of a verandah, balcony or raised platform
 - (ii) The installation, alteration or replacement of a microwave antenna,
 - (iii) The installation, alteration or replacement of a chimney, flue or soil and vent pipe, or
 - (iv) An alteration to any part of the roof of the dwellinghouse

Comment: *None of the above are proposed.*

- l) The dwellinghouse is built under Part 20 of this Schedule (construction of new dwellinghouses)

Comment: *The dwellinghouse was not built under Part 20 of this Schedule.*

A.1 Development is not permitted by Class A if –

Conditions

A.2 In the case of a dwellinghouse on article 2(3) land, development is not permitted by Class A if:

- a) it would consist of or include the cladding of any part of the exterior of the dwellinghouse with stone, artificial stone, pebble dash, render, timber, plastic or tiles;
- b) the enlarged part of the dwellinghouse would extend beyond a wall forming a side elevation of the original dwellinghouse; or
- c) the enlarged part of the dwellinghouse would have more than a single storey and extend beyond the rear wall of the original dwellinghouse.

Comment: *The dwellinghouse is not on article 2(3) land.*

A.3 Development is permitted by Class A subject to the following conditions—

- a) the materials used in any exterior work (other than materials used in the construction of a conservatory) must be of a similar appearance to those used in the construction of the exterior of the existing dwellinghouse;
- b) any upper-floor window located in a wall or roof slope forming a side elevation of the dwellinghouse must be—

- (i) obscure-glazed, and

- (ii) non- opening unless the parts of the window which can be opened are more than 1.7 metres above the floor of the room in which the window is installed; and
- (iii) where the enlarged part of the dwellinghouse has more than a single storey, the roof pitch of the enlarged part must, as far as practicable, be the same as the roof pitch of the original dwellinghouse.

Comment: *The works would need to comply with all of the above to comply with the current permitted development requirements.*

Conclusion:

The proposal has been considered against the Town and Country Planning (General Permitted Development) (England) Order 2015 (as amended) and is recommended for approval.

The single storey side extension benefits from a general planning permission granted by virtue of Article 3(1) and Schedule 2, Part 1, Class A of the Town and Country Planning (General Permitted Development) (England) Order 2015 (as amended) subject to conditions as stated within paragraph A.3 of the same Order.
