<p>The rarity and significance of this ancient monument will be lost if it is not returned to its original position on Wyke Lane. Kirklees Council appear to be more concerned with allowing all traffic, of different size vehicles, to travel on a rural lane which is single track in places and has little or no pavement in places. Is it to reduce even further congestion on Chain Bar? Oakenshaw community have campaigned for years to prevent 16.5m long articulated HGVs on Wyke Lane when there is no need. Promises of monitoring and better signage have not been kept. It is ludicrous to lose the opportunity of maintaining safety on Wyke Lane by re-siting the monument on Cross Street where few will see it. The Cross should return to its original position with some protection, as previously suggested by a council conservation officer AND traffic restrictions put in place.</p>
