The proposed increase of the foot print of the property Loss of privacy it will overlook my patio and garden leaving me with loss of light and overshadowing and privacy Not in keeping with area and garden size Started inside and outside work including footings with no planning and building regulations in place Noise disturbance No consultation or information to us as direct neighbours, or to any neighbours,when there is no agreement what so ever to adjoin neighbouring wall, and at this moment in time won't be This concludes my objections
