<p>Lydgate Drive is a quite residential street with mainly older residents many who are vulnerable as well as young families.</p> <p>The proposed planning is totally in the wrong area. There is definitely not parking for 4 cars at one time which means parking on the street. The house is directly on a busy junction and you cannot see vehicles until you turn in which is dangerous for all traffic/pedestrians . The fact the home will be manned 24/7 by many staff/visitors means that the traffic will be constant around the whole of the street which means much more traffic. The noise from constant vehicles/visitors vehicles, car doors etc will highly affect the older/vulnerable residents as well as the young families that live on the street.</p> <p>The area of the proposed children's home as stated is all residential and not suitable for the change of use as this will highly impact the direct neighbours and the whole of the area. It will affect the wellbeing of all the impacted residents as well as local residents</p> <p>I highly object to this planning</p>
