<p>My objection is for the lack of parking. The property already has a 2 car family but they and visitors find it easier to park on the road right on the entrance to Lydgate Drive. As a home owner I find this extremely dangerous when turning into Lydgate Drive off the main Wakefield Huddersfield road already, particularly when entering Lydgate Drive in the direction of Huddersfield, if there is a car waiting to exit Lydgate Gate Drive at the same time you are left in a very dangerous position whereby traffic behind you is expecting you to turn in and then you have to stop partially into Lydgate Drive and partially still on the busy main road. My concerns would be, not enough parking at the property and visitors (and changeover staff) would park directly outside the property on the road and up to the junction. The inconsiderate parking at present will inevitably lead to a car accident in the near future and at minimum doubling the parking required if not trebling the required amount of parking to the property can only speed the inevitable sooner.</p>
