<p>This appeal is in addition to my husband's appeal which he accidentally sent unfinished.</p> <p>I would like to object to planning application 2025/62/93313/E which has been submitted to Kirklees.</p> <p>This application will significantly compromise our privacy and the privacy of our surrounding neighbours. The positioning and proximity of the development would lead to our property being overlooked, not just our private garden area, but into our bedroom, living room and conservatory, consequently reducing our ability to enjoy our current peaceful and private areas.</p> <p>It would dominate the current view we have and ruin our privacy and quality of life. It This situation contravenes Local Plan Policy LP30, which aims to protect the privacy and amenity of existing residents.</p> <p>The plans for this development seem excessive for the area, bearing in mind that this property initiated from a bungalow which has already been extended into a large house. The scale of this plan does not coincide with existing homes within the local area and is disproportionate and conflicts with Local Plan Policy LP24, which states that developments should respect their surroundings in terms of scale, layout and mass.</p> <p>Due to the reasons outlined above, I would like to request that the application for this planning permission to be refused.</p>
