<p>The roads surrounding Woodward Court are narrow and congested especially during term time . The footpath on part of Wellhouse Lane is so narrow that people pushing a pushchair or using a wheelchair are already in danger. Additional traffic from 75 homes would add to this. Previous applications to build on this land were refused and nothing has been done to improve traffic flow around this area. Part of Wellhouse Lane is single track only which results in queuing traffic which then blocks the surrounding roads which are used by buses causing delays to public transport users . These roads are Greenside Road, Dunbottle Lane, Flash Lane. and Shillbank Lane. Please do not allow another field to be developed on when the increased traffic will add to the horrendous problems for people trying to get in or out of Mirfield . No amount of road safety training can protect school children who take chances to cross between congested traffic.</p>
