<p>The last applications were rejected for good reasons, and those have not changed. The impact of this proposal on the character of the area will be huge, as will the impact on already over-stretched infrastructure. The local roads are already grid-locked on a regular basis, and this application will bring this to overload. I cannot detect what genuine moves will be made to increase the resources of the school and of health provision, which are already under significant strain. This application must not be considered in a vacuum. The large development off Northorpe Lane is under way, and this proposal will add further destruction to the neighbourhood and community if approved.</p>
