<p>After experiencing the problems regarding the traffic along Hepworth Lane while taking children to and from school an escalation of this traffic is wrong on all counts. There is no footpath on Hepworth Lane where it leaves Shillbank Lane/Flash Lane and furthermore no footpath where Hepworth Lane joins Wellhouse lane (this is only 1 car width wide) The footfall on this route is primarily infant/junior school children. Surely this road safety issue regarding pedestrians should in itself warrant a negative view on this application. This being the main objection However close to this vicinity there is a grade 2 listed building which brings many walkers/vistors to the Mirfield area. Surely this lovely building/buildings should not be encroached upon by what is in all possibility a housing development on a large scale. Conservation of this area should be of paramount importance.</p>
