This development will have a negative impact on the highways in the area if it is agreed as currently proposed.

The extra traffic which will be brought to and from the site will have a negative impact on the air quality, highway safety and access to current homes.

I am really not against new developments but the problem is the roads are so busy especially at school time, I cannot see how the area will be able to sustain the extra traffic in and out through Jenny Lane.

The infrastructure needs developing first and foremost.
