<p>The road network around crossley fields school is already insufficient for the existing traffic volumes around peak times. It cannot take any more - there are frequent altercations outside the school due to bad parking and access issues. The bad parking is also extremely dangerous around the junction of pumphouse lane, wellhouse lane and Hepworth lane - we cannot get out of the lane sometimes due to constantly being blocked - this needs cross hatches and yellow lines to prevent it. At peak times sometimes we can't even get into our lane for a long time due to the traffic volumes.</p>
