

To Kirlees Council Dated. 3rd Jan 2026  
Planning and Development  
ref no:- 2025/93355

I:- am

16 Hepworth close, Mirfield. WF14 0PP

---

I am formally objecting to this application because Hepworth lane is too narrow for more vehicles. I sometimes have to back up onto the main road if a car is coming down in order for me to get home to the above address.

Safety comes first. The increase of traffic risks congestion and accidents, to schoolchildren, elderly people, dogwalker etc.

The lack of schools, health care, drainage  
The effects on wildlife.

I love to walk my dog as I have  
and I would lose  
that pleasure.
