My name is and I live at 18 Pumphouse Lane, WF14 0AW. I wish to formally object to the application 2025/93355 due to the potential of increased traffic causing congestion and reduced road safety. The traffic congestion is already a problem especially during term time due to the high volume of traffic dropping off and picking up children from Crossley fields school. The gilder field also accommodates junior football, bringing with it further traffic and congestion. The Parish cricket club have games throughout the summer adding to this problem. The constant traffic and congestion already cause problems, and the impact that 75 more households will have on this area is potentially dangerous.
