<p>The roads surrounding this site are unsuitable for the increased volume of traffic this site will generate, 150+ vehicles at a minimum, the roads are very narrow and narrowed even further by parked cars on Hepworth Lane, Wellhouse Lane and Flash Lane, there is regular traffic congestion at peak times back onto Camm Lane that has a knock on effect to all the surrounding roads, causing a hazard to children walking to and from school, people with limited mobility, visually impaired. causing people to walk in the road.</p> <p>Hepworth lane leading onto Shillbank Lane has no footpaths and is only suitable for single file traffic, i have had to reverse back into Shillbank Lane into on coming traffic to let traffic out of Hepworth Lane regulary which is very dangerous, joining Hepworth Lane from Hepworth Drive is equally hazzardous with the inconsiderate parking by non residents at the junction of Hepworth Drive/ Hepworth Lane and restricted vision both left and right, i have also had to reverse back into Hepworth Drive to let the traffic pass on Hepworth Lane, the exit from this site with the proposal to encourage 75% of the vehicles from the site to use this exit onto Hepworth Lane to access Shillbank Lane would add to this already dangerous situation.</p> <p>This application for this devolpment should be refused as it is an accident waiting to happen.</p>
