<p>My name is _____ of 6A Hepworth Lane Mirfield WF14 0PR . I am formally objecting to application 2025/93355 . I am concerned about the effect on wildlife and biodiversity in the area and the increased risk of flooding due to a high water table evidenced by significant standing water after rainfall in these fields and footpaths. There will be nowhere for the wildlife currently inhabiting this area to go. In light of climate emergency we should surely be preserving habitat not destroying it . I am also concerned about the impact on the already congested roads in the vicinity, particularly Hepworth lane , wellhouse lane and Crossley lane all of which are too narrow in places for cars to pass. This is especially dangerous on Hepworth lane due to lack of adequate footpaths forcing pedestrians to walk in the road and said road already being used as a cut through to the local school and therefore very busy at times . In addition to this the local infrastructure of schools, healthcare provision, drainage, road maintenance is currently challenged and would become even more so .</p>
